Hi everyone,

Come hang out with 1000 of your closest caving friends at THE caving party of the year! This will be the last time the event is held at its GA location. There will be live bands, massive bonfires and vendors to purchase caving swag from.

There are more than 14,000 known caves in TAG—9,200 in Tennessee, 4,800 in Alabama, and 600 in Georgia - the highest density in the country. These three states compose the southern end of a belt of limestone laid down hundreds of millions of years ago when the region was covered by an ancient sea. Where there's limestone there are bound to be caves, because limestone is susceptible to corrosion by slightly acidic water.

You can choose to do horizontal or vertical caving here depending on your skill level.

NSS members can bring 3 guests, so please let me know if you plan on getting a NSS membership before the trip and we could add more people.

Current plan is to leave Thursday night.

This trip is more of a carpool than anything else, but I will help coordinate fun caving trips for all. Registration cost is \$50 for NSS members and \$60 for guests.

Cheers,
Foreign minister Jesse
